## Home Economics Girls Return From State Homemaking Rally

PEARL MORRIS WINS FIRST  
PLACE IN ONE CONTEST

Pearl Morris, Jeanette Beard, Lydia Garrett, Kathryn Gardner, and Miss Francis Annis returned Sunday from Corpus Christi where they attended the Annual State Homemaking Rally Thursday, Friday and Saturday. They traveled by special bus with representatives from Abilene, Baird, Munday and Haskell and report a wonderful trip.

While in Corpus Christi they were taken on a sight seeing tour of the city and bay; took a boat trip and went swimming. They also attended a sea-food banquet which was served to seven hundred girls attending the rally. They also visited the Alamo and Brackenridge Park in San Antonio.

This year, for the first time, boys taking courses in Home Economics, were included in the contests. Among other new events was the original one act play contest for the purpose of interpreting Home Economics to the public. Girls from Hamlin presented the play, "Now Mr. Davis Stays Home Nights," which was written by Avelene Murphree, a junior who takes Home Economics.

Pearl Morris, one of our outstanding seniors, won first place in a Family Relationship contest. We are quite proud of her work in representing her school in the contest.

### BLUEBONNETS

(By DOROTHY HINES, English IV)

Out on the dew swept prairies  
Where Nature blooms at best,  
The plains of eastern Texas  
Are bridged with a light blue crest.

The sun shines down upon them  
And mist and rain must fall  
But the Texas bluebonnet stands  
Triumphant over all.

With that waving mass of flowers  
In brilliance none can compare,  
They light the darkest hours  
With their faces bright and fair.

Some may love a treless plain,  
Whose roads are banked with snow,  
But give me a wind swept prairie  
Where Texas bluebonnets grow.

## WTCC CONVENTION AT PLAINVIEW

PLAINVIEW, April 29. — Hamlin will be represented in the Poster Contest, as well as by a Quartette, to be held during the West Texas Chamber of Commerce Convention, May 13, 14 and 15th.

Twenty-six towns have officially entered the "Home Town" speaking contest, but have not yet named their speakers.

Thirty-six towns have entered the poster contest, a larger number of entries than had registered when the convention opened last year.

Four cities have entered the beautification contest, rules and regulations for which were sent out only a few days ago.

A new feature of the convention will be vocal quartettes. Two hundred dollars in prizes have been offered winners. Twelve towns have recorded entries, Lubbock having entered four quartettes.

The main entertainment of the session will be "La Fiesta," a revue arranged by Miss Wilma Friedsam, English department head at Wayland College. Nightly programs will be given, ten cities having already registered specialties for this gorgeous spectacle.

### PROGRAM OF WORK

Three major topics will be considered at the annual convention. These will be discussed at group conferences and official action will be taken by the directors at their luncheons on Monday and Tuesday.

Conferences on, public debt and property tax will be under direction of Senator Arthur P. Duggan, a former president of the organization.

West Texas planning will be discussed by a member of the new state planning board and by others. R. H. Nichols of Vernon, vice-president, will preside at this series of conferences.

Conferences on agricultural topics will be presided over by Clifford B. Jones of Spur, former president.

It has been thirteen years since Plainview entertained the regional body. Commercial and civic organizations of the city are uniting in planning entertainment features. Principal of these will be "La Fiesta," for which the musical background will be furnished by North Texas State Teachers College Band, Denton.

Registrations are now being accepted for lodging by the local housing committee, which assures all visitors that they will be comfortably and conveniently located.

High spot of the convention will be the governors' party on Tuesday night. This will climax the visit of Governor James V. Allred of Texas, who will address the convention Tuesday morning at 9:30 o'clock. To the governors' party has been invited Governor Allred, Governor Clyde Tingley of New Mexico and Governor E. W. Marland of Oklahoma.

A buffet dinner will be served at this party, to which all registrants at the convention are invited.

Edward Bryson, who is a student in A. & M. College, spent Saturday and Sunday with his parents.

—It Pays to Look Over the Ads.

Miss Elsie Wienke, Elmo Joy Wilson, Laura Q. Martin, and Miss Mary Kniffle, of Abilene, motored to Fort Worth Sunday to visit relatives and friends, and attend a meeting of the Beauticians' organization.

## WEATHER COMMENT IS ALL THE TALK

Just to keep the record straight, we must comment on the "weather." Everybody else is doing it. And we must say we are having plenty of "weather." The record back in our past twenty-one years of our stay in Hamlin might have been much like "This" but without referring to the printed pages, for record, we shall say, "NOT."

As we peck off these lines on our old typewriter, there is a pall of gloomy dust-laden air hanging over Hamlin, making such an uncanny outside appearance, till one can hardly make out the outline of a big building like the Methodist Church, only about 350 feet away. And this is May 2, 1935.

In former years at this time we have seen Hamlin as bare as in January, almost, except the mesquite, but no such dust laden skies, but today the spring is far advanced, more than normal, fair rains have fallen, even last night, Wednesday night, this community had quite a dash of rain, hail and wind. It lasted for only a few minutes and came through from the southwest, almost due east course, having all the ear marks of a twister. It was preceded by moments of deep calm, then gusty dashes of wind. Following the "storm" there appeared a strange stifling stillness, stars came out clear and about the midnight the smell of dust again was sensed from the west and north. Thursday morning visibility was less than a mile, and as the hours passed, visibility grew less and less till one could hardly see the outlines of buildings a block away.

By noon lights were used in all rooms regardless of how many windows. The dust in the depressing calmness of the hours settled and settled, more gentle than snow, sheeting all things alike. Dust in your hair, in your teeth, in your lungs, in your feed, dust, dust, tons and tons of dust from "somewhere."

What has gone wrong? you say. Some think its a visitation of the displeasure of Him who gives and withholds; who rules the wind and the waves; who chastiseth and who blesses; who sends the rains and the drouths; all to carry out some original divine plan. Maybe so. Maybe its mans' award for destroying the carpet of grasses that covered the great plains from the Rio Grande to the lakes of Minnesota—grasses that were for the food of millions of cattle for millions of people. Maybe so.

What ever the cause this year's days and days of this peculiar dust gloom is taxing the physical endurance of man and beast alike.

### S. S. FOLKS GOING

#### TO ANSON SUNDAY

The monthly meeting of the Jones County Baptist Sunday School Association will be held at the First Baptist Church, Anson, Sunday, May 5, at 3:00 P. M.

The program theme will be "Class Organization As a Scriptural and Practical Method of Individual Development." The program will be as follows:

3:00 P. M. Song Services  
3:10, Devotional;  
3:20, Recognition of Churches, Reports and Business;  
3:30, Simultaneous Conferences for Superintendent, Secretary and all departments from Primary through Adult;  
3:55, Inspirational address;  
4:15, Adjourn.

During the past few months two of the Sunday Schools reached the Standard of Excellence, one for the first time in at least several years, and two others will qualify soon. Progress has been noted in the other fourteen churches that have been represented at one or more of the meetings. It is believed that the fellowship, information, and inspiration of these meetings have contributed at least a small part to this progress. Every officer and teacher of the local Sunday School should take advantage of these meetings is the observation of those who have attended.

### YOUNG MAN DIES

#### FOLLOWING OPERATION

The home of Mr. and Mrs. L. R. Knight on Union Avenue is in deep sorrow because of the untimely death of their son, Charles Knight, age 19.

The young man suffered a severe attack of appendicitis a week before his death. An operation was performed at the Baptist Hospital in Abilene and the condition of his system could not make the recovery. Blood transfusions were made Monday and again Tuesday. Death came at 11:50 Tuesday night.

The body was brought to the Barrow Funeral Parlor in Hamlin, to await the arrival of relatives and final decision as to burial.

Funeral services will be conducted at the Hamlin Baptist Church this (Friday) afternoon at 3:00 o'clock, by the pastor and the body will be placed to rest in East Cemetery in charge of the Barrow Company.

Charles Knight was born at Bartlesville, Oklahoma, Feb. 5, 1916, and was 19 years, 2 months and 25 days of age when death came. He came to Hamlin with his parents in June of 1934, and like his father, was an employee of the oil industry, being with contractor George Callahan.

He had always been so strong and healthy, it is said he had never taken even one dose of medicine. The attack of appendicitis became dangerously acute before he gave up.

Charles is survived by his father and mother and three brothers, Avery and Joe Knight of Hamlin, and Cloyd Knight, of Albany, and four sisters, Edna, Zelma, Lois and Peggy Knight, of Hamlin.

About four years ago he united with the Church of the United Brethren in Bartlesville.

Hamlin people have responded to the bereaved family with universal sympathy.

## HOME RUN RECORD STAMFORD 6-PIPERS 3

What might be termed a "home-run" record took place on the Hamlin baseball field last Sunday when Stamford played Hamlin in the opening game of the season here.

Yes, it was a game of runs too, Stamford 16, Hamlin 6. It took lots of wind to make that many runs—and wind was what counted in so many home runs. It seems, however, that Mr. Wind played partial to Stamford giving her 6 homers to Hamlin just 3, and it's an ill wind that blows nobody good.

Hennig and Wood tossed for Hamlin while Kennedy stood behind the bat and watched 'em fly away. Hollis and Bradford for Stamford.

It might be appropriate here to say that three of Hamlin's regulars were not in the game, Rinker, Coffee and Goode.

Mr. and Mrs. W. G. Morris, teachers of Crosby County, were guests in the home of their sister, Mrs. Ray D. Russell and family from Saturday till Monday on their way to their former home in Ft. Worth. Mrs. Russell and little daughter, Janis, accompanied them to Fort Worth where she will visit her sisters and to Wylie to visit Mrs. W. F. Russell.

J. C. Pinson of Stamford, was transferred to Sweetwater as manager of the Southwestern Bell Telephone company, effective May 1, J. B. Patterson, division commercial superintendent of the company, announced.

Pinson goes to Sweetwater after almost 25 years experience in the telephone business. He began his career as lineman with the Pioneer Telephone Company in 1904. In 1907 and 1908 he worked as installer with the telephone company in Chicago. He joined the Southwestern Bell Company in 1912 as a lineman at Wichita Falls. In 1916 he became manager of the Bowie exchange, and in 1917 he went to Stamford as manager of this district.

## The Purpose of Deposit Insurance

WHEN Congress created the Federal Deposit Insurance Corporation its primary objective was the protection of depositors. This Corporation began insuring deposits January 1, 1934. It is a permanent organization.

It now insures deposits in a great majority of the banks, including this institution. As a result, millions of depositors enjoy a degree of financial security heretofore unknown. When you have money on deposit here you know for a certainty that your deposits up to \$5,000 are fully safeguarded against loss. Deposit insurance is for your protection.

## CAN YOU BLAME THEM?

AUSTIN, April 30.—Administration of relief in many Texas Counties is being complicated by a rush of persons seeking employment under the new work relief law to get on the relief rolls before plans for carrying out the measure have been completed, it has been announced by E. A. Baugh, assistant director of the Texas Relief Commission.

"Some of our administrators are working under pressure from all side to admit to relief rolls applicants not in dire need but anxious to get a first chance at federal work relief jobs under the new program.

"This condition results in congestion in our County offices and hampers County Administrators in their efforts to do the best they can for our many county organizations already on our relief rolls.

"We are making every effort at this time to lower our caseloads because it is the season of the year when there ought to be more jobs

available. Concerted efforts to "crash" the relief at this time merely make the job more difficult for those really destitute people already overworked with their present relief loads.

"It may be several weeks before the new work relief program begins to function in Texas. When we receive instructions to undertake it, we will set up the program in all counties simultaneously. There will be no need for people seeking work to move from one county to another. Rumors that the program already is under way in some counties are without foundation."

Mr. Baugh requested persons seeking jobs NOT to apply at relief offices.

"We are still granting relief to the unfortunates," he said. "We have no jobs to offer."

## DAD RUSSELL WRITES

Calvert, Texas.  
April 26, 1935.

Hamlin Herald:

I thought I would write you. I am alive and able to be around a little. Haven't been around the country much; only through the Brazos river bottom.

Cotton is about chopped out there. I saw twenty-six chopping cotton, and eleven cultivators running in one field. Everybody works here. Don't see the use of so much relief out there, when there is so much work needed to be done here. Laborers are a little scarce here, or at least I see men driving around hunting for hard.

Our garden is pretty — almost everything is large enough to eat. We are eating new spuds.

Will start to "laying-by" corn as soon as it becomes dry enough.

I expect to be out there about the first of June.

Yours truly,  
A. RUSSELL.

## M'CAULLEY NEWS

Most of the farmers are putting in good time, planting cotton this week.

Mr. Mitchell, of our community, has been seriously ill and at the present, he is at the Hamlin Hospital.

Mr. Cecil Evans has been very sick for the last few weeks, but has been able to be up a part of the time.

Mr. and Mrs. Marney Mason were hosts to a party Saturday evening, honoring their little daughter, Marilyn, on her eighth birthday. Guests were as follows: Miss Mildred Mason, of Chicago; Mrs. Flora Mason and Miss Gertrude Mason, of McCaulley, Mr. Ed Mason of Panama, Mrs. Lizzie Currie, of Dallas, and Mr. and Mrs. W. C. Lee and family of McCaulley.

The Intermediate girls of the Baptist Sunday School enjoyed a slumber party at the home of Miss Frances Davison, Friday night, April 26th. The girls cooked supper and breakfast over a campfire. Those spending the night were: Hallie Faye Faulkenberry, Corrinne and Katy Akins, Helen Smith, Mildred Rushin and Frances and June Davison. Those staying the first part of the night were: Nadine Land, Betty Jo Abbott, Mattie May and Ila Faye Faulkenberry.

Mrs. John Miles visited with Mrs. C. M. Galloway Monday afternoon.

Misses Millie Drennon, Louella Rogers and Latine Akins were week-

Miss Beatrice Curtis spent Saturday night with Mr. and Mrs. William Mayo, of near Royston.

Mr. and Mrs. Willie Fancher were supper guests of Mrs. Della Fancher Sunday.

Mr. Norman Clark won first place in tennis at Goodwin, Friday.

McCaulley boys won a ball game from Royston, Tuesday afternoon.

## WISE CHAPEL ITEMS

Here we come after two weeks of absence.

Most all the farmers are planting cotton this week.

Grandpa Proffitt of Denison, is here to make his home with his son, A. P. Proffitt.

Mr. and Mrs. Joe Webb and sons visited Mr. and Mrs. Dave Herbst Saturday night.

Otis Bush left last week for Oregon where he will have employment. Clarence Proffitt and Jack Vaughan spent Sunday with H. T. Jones.

On Monday evening, April 29, in the home of Mr. and Mrs. Dave Herbst a lovely surprise wedding shower was given honoring Mrs. William Neely Johnson.

The guests were greeted at the door by Mrs. Alvin Jones and were requested to register in the bride's book. After registering the guests were shown into the living room by Mrs. Herbst. After the gifts were viewed and admired, the following were served ice cream and cake:

Mmes. O. L. Jenkins, Roscoe Greenway, Johnnie Agnew, E. A. Isbill, Clyde Whitaker, Miles Collins, Flonnie Jobe, Buddie Jobe, George Wainwright, Jr., R. C. Hayes, Kelley Scott, Wash Perryman, Jim Acklin, Sam Howard, Ralph Riddle, Fred Vaughan, Bill Patterson, Nane Proffitt, Hugh Jones, Robert Rhoton, Alve Jones, J. J. ## FOR FULL MOTOR PROTECTION

## Modern cars must have oil with extra oiliness

THE development since 1931 of motors of 80 to 180 horsepower has brought about correspondingly increased bearing pressures and crankcase temperatures. Motor manufacturers have turned to new alloy metals of extra strength and durability to meet these new conditions.

For full protection of such motors, you must have oil with enough extra oiliness and film strength to get safe lubrication under extreme pressure and heat.

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. Some oils have less, because over-refining to eliminate carbon and sludge has robbed them of oiliness and film strength.

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon

and sludge troubles, as its users know after millions of trouble-free miles of driving. But more important, Almen and Timken machine tests prove it has more oiliness and 2 to 4 times the film strength of any straight mineral oil! That added oiliness and film strength protect your motor under all conditions.

Germ Processing—adding concentrated oily essence to highly-refined oil—gives other valuable advantages. Because Germ Processed Oil penetrates and combines with metal surfaces, a "Hidden Quart" stays up in your motor and cuts down starting-period wear. Germ Processed Oil gives longer mileage with greater motor protection, as proved by the famous Indianapolis Destruction Test.

Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and get full motor protection!

## 35,000 Boy Scouts to be In Washington, D. C., Aug. 21-30

President Franklin Roosevelt sends the following message to all Boy Scouts of the Chisholm Trail Council and of America:

It is appropriate that we are planning for the Celebration of the 25th Anniversary of the Boy Scouts of America, which will culminate in a great National Jamboree here in the Nation's Capitol. I hope that it will be possible to have every nook and cranny, every section of our Nation, represented.

Every Scout in your city has the privilege of recommending two scouts whose qualifications must be as follows:

1. Must be a First Class Scout on or before July 1, 1935.
2. Must have had at least one year's service by July 1, 1935.
3. Must have had ten days camping experience.
4. Must attend preliminary Jamboree training Camp at Camp Tonkawa.

The cost, including all expenses, will be approximately \$100.00 per scout, including the \$25.00 National Jamboree expense.

The objectives of this, the first National Jamboree ever attempted in America, are: To promote a new sense of National Brotherhood and stimulate friendship among scouts and Scouters, who from all over the country, will camp together and have a chance to know each other better; To provide an educational opportunity for scouts to see the historic shrines of the Nation's Capitol; To stimulate our program of citizenship training by visits during the Jamboree to the National Government offices; To give scouts an opportunity to observe the methods and program of Scouts of other section of this country and many foreign countries; To see and hear the President of the United States, who will take part in the program.

### HOW TO MEET THE EXPENSES

1. By having the participant, or his parents, or friends pay his fee, in this event, however, the Scoutmaster and Troop Committee should make certain that the Scout doing so is not

selected solely because of his ability to pay his own fee, but in addition to this is a worthy representative of his troop.

2. By having the Scout desiring to attend pay a part of the fee and the troop pay the balance.

3. By having the troop pay the full fee for their Scout representative.

4. Some troops sending more than one Scout may find it advisable to consider paying part of the expense of each boy rather than all the expenses of one.

### MONEY-RAISING ACTIVITIES

All money-raising activities involving the sale of tickets or the solicitation of funds from individuals not definitely identified with the troop, must meet with the approval of the Chisholm Trail Council whose approval must be secured. Troops failing to comply with this regulation may be deprived of the right to participate in the Jamboree.

There will be six, perhaps ten special trains of Scouts go from the Ninth Region, (Texas, Oklahoma, New Mexico). These special Scout trains will average ten coaches each, not including baggage cars nor dining cars.

Boy Scout Train No. 4 will include the scouts from the Chisholm Trail and Scouts from these councils.

El Paso Area; Eastern New Mexico; South Plains (Amarillo, etc.); Buffalo Trail (Sweetwater); Chisholm Trail; Concho Valley (San Angelo); Ft. Worth Area; Comanche Trail; Brownwood; Iraan Band.

The \$25.00 National Jamboree fee for each Chisholm Trail Council Scout must be in the Chisholm Trail Council office, Abilene, on or before May First, and it is hoped that every mother and father of our Chisholm Trail Council Scouts will interest themselves in sending their boy to this great National Jamboree. It is hoped that citizens who do not have boys will be interested enough to help in sending several scouts on this great educational and inspirational trip. Although there has been

25 years of Scouting in America this is the first National Jamboree attempt.

### "THE REFLECTORS"

### ENJOY OUTING

"The Reflectors," a Sunday School class of Baptist young girls, enjoyed an outing in the form of a "weiner" roast at the City Lake, Monday, April 22. The girls arrived at the lake about 5 o'clock where they engaged in several interesting and entertaining games, after which they enjoyed roasting weiners and marshmallows.

Having finished this treat Ethelyn Allen brought the devotional which was followed by a business meeting.

Those attending were the teacher, Miss Yetta Mae Slayton, Misses Jeanette Beard, Oma Lee Herd, Mary Stovall, Ethelyn Allen, Willie Walker and Dorothy Hines.

## TEN COMMANDMENTS IN EATING

By RUTH McCAMMON, Nutritionist, Colorado State Agricultural Col.

1. Thou shalt spend thy food dollar wisely.
2. Thou shalt not omit milk from

thy diet, for milk is a builder.

3. Thou shalt plant garden greens, for thou must possess a charming grace given by vitamins.

4. Thou shalt eat oranges or tomatoes daily so that nature may be aided in building health and an attractive appearance.

5. Thou shalt kill the fatted calf for meat in a moderate amount makes thy blood red and thy muscles strong.

6. Honor the hen for she supplies thee with hidden gold.

7. Thou shalt count thy calories with care if thy physique is apt to add excessive bulges hither and yon in a promiscuous manner

8. Thou shalt eat slowly—and not too much.

9. Thou shalt not covet thy neighbor's wife, but encourage thine to prepare food in a proper manner.

10. Thou shalt not take thyself nor thy meals too seriously.

## Crop Loans Starting!

Raymond News Service

THE signing of the Deficiency Bill, making the \$60,000,000 for Crop and Seed Production Loans available, was good news for farmers who are now buying seed, fertilizers, and other supplies. The bill will be a boost for American industry, since the Farm Credit Administration suggests that borrowers buy American-made supplies. Agricultural leaders have long felt that farmers should support American industry by using fertilizers made in the United States, such as American nitrate of soda, sulphate of ammonia and potash.

## Ma Perkins Says:

"Spanking may be hard on the child, but it's a great comfort to the parents."

uty Manager of the association in charge of its Savings Division, in the organization's monthly magazine "Banking," says that savings deposited in banks as of June 30, 1934, gained 3.5 per cent as compared with a year earlier.

"The aggregate is an increase over last year of \$742,132,000, the first since the year which closed June 30, 1930," he says. "This is a notable achievement for the decline since 1930 had been precipitate and all-embracing. In that year savings had reached the all-time high of \$28,478,631,000. A year ago the amount was \$21,125,534,000, a loss in three years of \$7,353,097,000. This year the figure stands at \$21,867,666,000."

"Depositors, too, have gained in number, going from 39,262,442 on June 30, 1933, to 39,562,174 on June 30 this year, a gain of 299,732. Four years ago there were 52,729,432 depositors, or one depositor for each 2.3 persons in the country. Now there is one account for each 2.2 persons."

## RELIEF COST TREND LOWER

AUSTIN, April 23.—The trend of relief in Texas during March was toward a lower case load and lower costs, according to a preliminary report embracing figures from eight metropolitan counties of the state.

Bexar, Dallas, El Paso, Galveston, Harris, Jefferson, Tarrant and Travis Counties reported a combined decrease of 2,353 cases as compared to the February total.

Cost of relief in these counties dropped from \$1,036,653.44 in February to \$869,695.98 in March, a decrease of \$166,957.46. This sharp decrease was the result of reduced allotments for relief from all sources.

This reduction was reflected in these counties in the average amount of relief extended to cases. In March, the average case received was \$12.54; in February, \$14.46.

Bexar's relief load was reduced by 1,617 cases, but its total of 16,657 continued to be the highest in the state. Harris reported 14,991, a reduction of 276; and Tarrant had 13,059, a drop of 333. Dallas had 10,620 cases, El Paso 5,456; Galveston, 2,224; Jefferson, 3,736; Travis, 2,600.

On the basis of these reports, the state caseload was expected to be reduced by 8,942, and the cost of resident relief by \$632,315.37.

## ADS. WILL TELL BANKERS' STORY

American Bankers Association President Announces Move to Stimulate Newspaper Advertising

NEW YORK.—Plans for stimulating wider use of informative newspaper advertising by banks in promoting public understanding and confidence in regard to existing banking conditions and methods have been announced by R. S. Hecht, President of the American Bankers Association, as a part of his organization's activities in aid of business recovery.

A general groundwork was prepared through a nationwide survey of advertising by banks relative to their willingness to extend justifiable loans to industry and trade. This, he said, revealed that a large number in all parts of the country are pursuing aggressive policies along this line and encouraging their customers to develop forward-looking business plans. "It is our aim to aid in fostering this constructive attitude whenever possible," he said.

## The Theme of New Advertising

The association's Advertising Department, under the direct supervision of the general executive officers, has prepared, at the headquarters in New York City, an informative advertising series for the use of member banks in the association to aid them in developing in their own communities better general public understanding regarding banking, Mr. Hecht said.

"The underlying theme of this advertising is that sound banking is based on helpful human relations and that it has a unity of interest with the people of its community which binds them together with a common purpose," he said.

"We are confident that if a clear understanding of this is brought home to the people in all our banking communities, it will go far in restoring the public confidence which good banking deserves. A bank in which people do not believe is doubly safe, it is to the public interest for the people to have confidence in their banks."

## The Place of Advertising

"We feel that bank advertising has a special public duty to perform in this connection under existing conditions. The copy which will be supplied in the service we have developed will not only aid the individual bank in promoting the use of its own facilities but is also aimed to bring about with the aid of newspaper advertising a clearer public viewpoint regarding the essential part it occupies in the life of its community."

Mr. Hecht emphasized in regard to the new advertising facilities being offered to the members of the association that they are not a profit making venture and that there is no intention to disturb existing advertising arrangements, the idea being that these institutional services shall supplement rather than replace present plans, or that they will give assistance to member banks now lacking satisfactory arrangements.

## MANY BANKS LONG LIVED

In the United States—  
168 Banks over 100 years old.  
2,472 Banks over 50 years old.  
10,391 Banks over 25 years old.

There are in the United States 168 banks that have been in continuous existence for more than one hundred years. There are 2,472 banks over fifty years old, while 64% of all the banks in this country, or 10,391, are twenty-five years old or older.

In other words, practically two-thirds of the banks in this country have come through several successive periods of depression and panic, including 1907, 1914, 1920 and 1929-33.

## The Oldest Bank

The oldest bank in the country, which is in Boston, was chartered February 17, 1784.

In the 64% of banks that are twenty-five years old or older is lodged a major portion of the banking resources of the nation. In commenting recently upon the stability of a great majority of the banks in the United States, Dr. Harold Stonier, Educational Director of the American Bankers Association, said:

"The fact that we have so many banks that have been in existence a long period of years is an eloquent tribute to the genius of American managerial ability, for no other country has experienced such wild gambling eras and resultant periods of business stagnation as those through which our country has passed at frequent intervals during the past century."

## NEW WEALTH FROM SOIL

New wealth which comes from the soil is of special interest to those to whom falls the responsibility of maintaining our credit structure.

Unless agriculture is successful farm borrowers cannot ultimately succeed, neither can the banks they serve. Foreclosure sales are not a sound basis for good farming or good banking. Bankers, therefore, are as much interested in the permanent success of the agricultural industry as are the farmers whether the deposits come directly from farm patrons, or indirectly through the ordinary channels of business.—D. H. Otis, Director of Agriculture, American Bankers Association.

## My Favorite Recipes

Frances Lee Barton says:

THIS is a real holiday pudding. Somehow, it reminds me of the regal steamed puddings my Scotch grandmother describes—the kind served on high days and holidays and carried to the table smoking hot. Yet this pudding isn't hard to make at all—and it's so economical! (Maybe that's why the Scotch folk like it!) Try it the next time you're serving chicken or roast of lamb—its rich chocolate taste is a grand follow-up after dishes like these.

Chocolate Coronet Pudding  
1 cup sifted flour; 1½ teaspoons double-acting baking powder; ¼ teaspoon salt; ¼ teaspoon cinnamon; 4 tablespoons butter or other shortening; ½ cup sugar; 1 egg, well beaten; ¾ cup raisins; 2 squares unsweetened chocolate; 1/3 cup milk.

Mix flour, salt, and cinnamon, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add egg and raisins and beat well; then chocolate and blend. Add flour, alternating with milk, beating only enough to blend. Turn into greased tube pan, cover with waxed paper, tie securely, and steam 2 hours. Serve hot with lemon sauce. Serves 12.

These circumstances and conditions. In the minds of many observers here, point only to one thing now: the Adjustment act and the program drafted thereunder is not as popular as it was before it went into operation. Judging from correspondence received by representatives and senators, the Adjustment program is actually repugnant to some sections. I believe it only fair to state, however, that the Adjustment program is not blamed wholly for the increase in prices but always in times like these and under circumstances like those to which attention has been directed there has to be a goat. Apparently that goat is going to be the Department of Agriculture and its step-child, the Agricultural Adjustment administration.

While all of the newspapers are printing many columns in review of two years of the

Garner Overlooked Roosevelt administration and much attention is being paid to President Roosevelt, it seems to me that one stalwart of the administration—Vice President John N. Garner—is being somewhat overlooked. It seems to me, also, that this should not be the case because all observers agree that Mr. Garner has placed the vice presidency of the United States on something of a new plane.

Much levity always has been directed at any man holding the job of vice president. It is true that the vice president is seldom, if ever, out front, as the expression is. With Mr. Garner, however, it has been decidedly different. I believe, from all of the discussions that I have heard since his election, Mr. Garner has filled, and is filling, a very constructive post in this administration.

Although Mr. Garner weighs about the same and is no taller; while he dresses much as he did before and his wit and humor is much the same, it certainly can be said that he is a much bigger man in the eyes of the people of this country than he was a few years ago. In other words, given the opportunity, Mr. Garner has performed in a way that probably will record him in history as among the outstanding individuals who have filled that second ranking elective post in our government.

It is not generally known, I think, how much influence Mr. Garner wields in the Roosevelt administration. He sits with Mr. Roosevelt and the other members in the cabinet meetings and there is no doubt about observers here that those men lean upon the long experience which the vice president has had.

The port of Baltimore, Md., witnessed an unusual sight the other day, arrival of a shipload of corn from Argentina. It was the first full cargo ever to arrive in that port and caused some observers to remark that it appeared to be "carrying coals to Newcastle."

This would have been true under conditions such as we used to have in this country before the inauguration of the Agricultural Adjustment administration. The AAA has made the difference. Last year, the AAA set about reducing the corn acreage in this country because it was the conviction of the New Deal that production had been too great. Twenty per cent curtailment was decreed. To accomplish that end, the AAA offered to pay farmers at the rate of thirty cents per bushel for not growing corn. The plan worked as it might naturally be supposed to have worked and there was the expected curtailment of production.

But nature took a hand and the drought settled down over the vast corn producing areas of the Middle West. So great was this disaster that there is not now sufficient corn to meet domestic requirements. Importation of corn resulted, and the port of Baltimore had the novel experience of seeing corn shipped in instead of out.

Secretary Wallace has defended the AAA policies on the ground that they were exceedingly flexible and could be used to increase or decrease production as conditions required. It seems, however, that corn has a habit of growing only during the summer months and if the production in that period is insufficient the winter months must witness a shortage.

## YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND  
Director, Physical and Health Education  
New Jersey State Department of Public Instruction

## Learning Health For A Purpose

The idea is not new, but it took an ingenious teacher to put it into effect.

The place was a small high school. To make up standard teams nearly every student had to participate. Their opponents, the larger schools, had the advantage in numbers and facilities. But the spirit was there, so they set out to make up for their shortcomings. And they did it by making a thorough study of healthful living.

The principal of that school told me that every pupil knew and observed the rules of nutrition. Smoking was taboo. Dances and parties were shortened, more study was done at school, and the radio was turned off at a stated hour when the importance of sleep was learned. Candy and sodas were definitely out. Colds received early care. In brief, it was just a case of common sense application, without overemphasis. Anyway, it worked.

Next week Dr. Ireland will discuss the large subject of playground accidents and how to avoid them.

## THE HERALD SNAPSHOTS

FLOATING POWER Aids Tests for Radio Compass—William G. Lear, inventor of the new Lear Radio Compass, proved the efficiency of his new equipment before installing a unit in a plane. A complete radio unit was installed in a Plymouth sedan and for weeks the car rode the "beam to the desired point." The new simplified Lear device makes the radio compass feasible even for the "sportsman" pilot.

SOOTHES OLD JUMBO—Sahib Joe Cook, the old elephant tamer, featured in the weekly broadcast, "Circus Night in Silvertown," by the B. F. ### MRS. NOBLES HOSTESS TO TRECE SENORES

Mrs. B. W. Nobles was hostess to the Trece Senores Club and other guests in her home on Union Avenue, Tuesday afternoon.

Roses decorated tables where three tables of contract were in play. Mrs. Bill Rountree received the high score award for the club and Mrs. Lowell Ballew scored high for the guests.

A salad plate with tea was passed to Mes. Clinton Barrow, Frank Williams, Grogan Turner, Ferd Wells, Bill Rountree, Cotten, H. L. McBride, Otis Hopper, Paul Cain, J. E. Bury, R. Y. Barrow, Garner and Lowell Ballew.

### ORIENTAL CLUB WITH MRS. McCURDY

The Oriental Bridge Club played in the home of Mrs. R. H. McCurdy on Alamo Avenue, Thursday afternoon, April 24. Substitute hands were played by Mrs. O. L. Taulman, Mrs. Henry Albritton and Mrs. B. L. Jones. High score was won by Mrs. W. B. Nobles for the club and by Mrs. Taulman for the guests.

An attractive arrangement of roses gave the floral decoration to the entertaining rooms. Following the games a plate holding ice cream and cake was served.

Members present were Mes. B. W. Nobles, A. E. Pardue, Arche Pardue, C. C. Prater, O. H. Berry, M. T. Woodward, J. P. Morgan, A. D. Ensey, and J. F. Taylor.

### MRS. FOWLER HOSTESS TO CLUB

A flower theme was featured in tallies and score markers when Mrs. Paul A. Fowler was hostess to the Blue Bird Club and a few invited guests in her home, Tuesday afternoon. Roses and other spring flowers added attractiveness to rooms

where three tables of contract were in play. Mrs. Joe Culbertson won high score for the club and Mrs. F. B. Moore for the guests.

A sandwich plate with iced tea was passed to Mes. Bob Low, John Ed Day, Arche Pardue, Ted Bledsoe, Elmer Feagan, Mac Brundage, Joe Culbertson, C. G. Green, A. E. Pardue, Burns Eakin, F. B. Moore, and Mrs. George Gray, of Sweetwater.

### TWO ARE HOSTESS FOR PARTY

Carrying out the May Day theme, the home of Mrs. M. T. Woodward on Alamo Avenue, was beautifully decorated to form the setting for a lovely party Wednesday afternoon when Mrs. Woodward and Mrs. R. H. McCurdy were joint hostesses for bridge.

Pink rosebuds were used to decorate the rooms and a color scheme of pink and green was featured in all accessories and repeated in the salad course which was served previous to the games. The eight tables were laid in pastel covers and centered with a miniature May day scene complete with May pole and dancers. Places were marked with dainty cards in shades of pink and green and the same colors were used in prize wrappings. High score prize was awarded to Mrs. A. E. Pardue and Mrs. John Ed Day received the low award.

Those present were Mes. Frank Waggoner, D. D. Harden, Burns Eakin, Elmer Feagan, Mac Brundage, John T. Day, John Ed Day, A. E. Pardue, Arch Pardue, W. F. Johnson, H. O. Cassle, C. G. Green, J. W. #### THE SENIORS!

We, the Senior Class, wish to thank the Baptist Ladies' Missionary Society for securing ways for us to go to Abilene Saturday to the special features of entertainment that Hardin-Simmons University offered to the high school seniors.

In the morning we were assembled in groups at the stadium where the following program was rendered:

Music by Cowboy Band  
Formations by Cowgirls  
Pantomime "Captain John Smith"

by some of the students of Hardin-Simmons University.

The Hardin-Simmons Anthem  
"Home on the Range"—Glee Club  
Talk — Pres. Sandifer  
Coronation of University Queen.

After the program was rendered we were directed over to the cafeteria, back of which, a free lunch was served. The menu consisted of

Barbecue Pickles and Onions  
Light Bread Beans  
Potato Salad Deviled Egg  
Ice Cream  
Iced Tea

In the afternoon the Science Hall and Fine Arts Building were open. Everyone found their exhibits very interesting and also very educational. There were sixty-four high schools represented, some of which were: Wink, Slaton, Weatherford, Brownwood, Odessa, Baird, Wichita Falls, Big Spring, Abilene, Albany, Sweetwater, Cisco, Rotan, Hamlin and Snyder.

Saturday night Hardin-Simmons first string fast ball team played the second string and defeated them 13 to 0. Everyone enjoyed this game, especially the boys.

Again, we wish to thank the Baptist Ladies, who were so kind and thoughtful to make it possible for the Hamlin High School Seniors to spend such a delightful day visiting in Abilene and on the campus of Hardin-Simmons University.

Miss Leota Bailey, first year bedroom demonstrator for the 4-H Girls' club of Swedonia has a southwest room 14x14 feet with one west and one south window. The south window opens out on a sleeping porch and this window is to be moved to the west wall making double windows on the west side of the room. There are three doors opening from this room, one into

the sleeping porch, one into the dining room and one into another bedroom, these doors are all in bad condition now but will be painted to blend in with the other accessories of the room. There is a gas light hanging from the center of the ceiling which will be retained and used after the room has been refurnished. A congoeum square of tan, green, yellow, red and brown in an outstanding conventional design is to be used on the floor. There is one iron bedstead which was at one time cream color but is scarred considerably; this bedstead is to be refinished. A rocking chair will also be refinished and other chairs added to the room. A flue opening at one side of the room will be sealed up. Miss Bailey plans to make a dressing table to replace the old dresser, and the home-made wardrobe is to be replaced with a modern built-in closet which will be built where the south window was removed. The walls and ceiling will be repapered with some dainty paper which is appropriate for a girl's room. There will also be curtains to harmonize with the other improvements made. When Miss Bailey has completed all improvements on this room it will be one that any girl should be proud to call her own.

### "Pains Gone," Says Lady, After She Had Taken CARDUI

In describing how her health improved after she had taken Cardui, Mrs. Ralph R. Courtney, of Wytheville, Va., said: "I was run-down and suffered from pain in my side. I wanted to feel well and get rid of the pain in my side, so I sent for Cardui and began taking it. By the time I had taken three bottles of Cardui, I was feeling much better. The pains had gone. I am very glad to recommend Cardui to other young women." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. 61 a bottle, at drug stores.
